PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building responsive, scalable web applications. Skilled in React.js, Next.js, TypeScript, and TailwindCSS on the front end, and Node.js, Express.js, MongoDB, and NestJS on the back end. Adept at turning Figma designs into pixel-perfect interfaces and creating SEO-friendly, high-performance websites. Proven track record of delivering freelance projects across platforms like Fiverr, Upwork, and GitHub.

WORK EXPERIENCES

Full Stack Developer (Freelance | Project-Based)

March 2022 – Present

Built and deployed responsive, full-featured web applications using React.js, Next.js, Node.js, Express.js, and MongoDB.

Transformed Figma designs into pixel-perfect, mobile-first interfaces using TailwindCSS, Material-UI, and Ant Design.

Developed scalable REST APIs and admin dashboards with Node.js, Express.js, Mongoose, and NestJS.

Implemented SSR, CSR, and on-page SEO techniques in Next.js to create fast, SEO-friendly platforms.

Managed state efficiently in complex applications using Redux Toolkit Query and Context API.

Delivered high-quality projects to clients via Fiverr, Upwork, and LinkedIn with consistent positive feedback.

Maintained best practices in code structure, performance optimization, and accessibility.

Published and maintained source code on GitHub and showcased work through a personal portfolio.
